Differences from Baseline devices

Device	New			
	Enclosure	Hardware	Feature	Battery
DoorProtect S	+	+	—	+
DoorProtect S Plus	+	+	—	+
GlassProtect S	+	—	—	+
CombiProtect S	+	—	—	+
MotionProtect S	+	—	—	+
MotionProtect S Plus	+	—	—	+
MotionCam S (PhOD)	+	—	—	+
Button S	—	—	+	—
HomeSiren S	+	—	—	+
StreetSiren S DoubleDeck	—	—	+	+
KeyPad S Plus	+	—	—	+

New enclosure

- Fixing the device on a SmartBracket with a screw.
- Matte case finish.

New hardware

Two reed switches allow installing magnet on both sides of **DoorProtect S** and **DoorProtect S Plus**: right or left.

New features

Superior jamming detection

StreetSiren S DoubleDeck will detect jamming and alarm about it.

Supervising feature

Button S will update the status of its battery every day.

Both features can be turned on/off in Ajax apps.

New batteries

Superior devices will use Panasonic batteries, instead of Huiderrui.

Panasonic's batteries are better. This change will increase the reliability of devices, as well as battery life operation.
